Highlights

1.2m cable
The ideal cable length to give you the freedom to put your audio device where you want.

For optimal fit in all ears

With a choice of 3 interchangeable ear caps from size small to large, surely there is a pair that fits your ear perfectly.

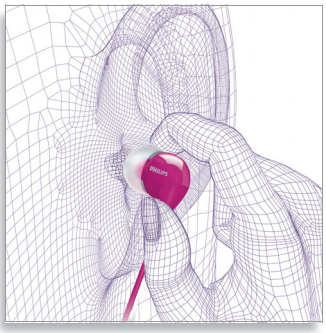
Anti-tangle slider
When storing your headphones there is a risk that the cables tangle if not stored carefully.This makes it a hassle to store the headphones and get them ready for listening. Simply slide the anti-tangle slider towards the earpieces to keep the two earpiece cables neatly together, and to minimze the risk of the cables tangling.

Perfect in-ear seal
The Super-small speaker drivers fit comfortably inside the ear and thanks to the exceptionally snug fit the outside noise is sealed out for high-intensity listening experience.

Small efficient speakers

Small efficient speakers for in-ear headphones ensure an exact fit and deliver precise sound with powerful bass, ideal for your listening enjoyment.

Ultra-small in-ear



Ultra small, lighweight in-ear design for best fit in smaller ears, for long hours listening.
